The image shows a mobile app interface for reporting a new incident. The app is displayed on a smartphone frame. At the top, there is a status bar with a signal strength indicator, two circular icons, and a camera icon. The main content area is titled "Nova Ocorrência". Below the title, there is a section labeled "Tipo" with a dropdown menu. The dropdown menu is open, showing three options: "Queda de árvore" (with a tree icon), "Semaforo defeituoso" (with a traffic light icon), and "Buraco na via" (with a pothole icon). Below the dropdown menu, there is a text input field labeled "Endereço". Below the text input field, there is a slider control labeled "Nível de perigo" with "Baixo" on the left and "Alto" on the right. The slider is currently set to a medium level. At the bottom of the form, there is a button labeled "→ Enviar".

A mobile app login screen mockup. The screen is framed by a rounded rectangle with a double border. At the top, there is a status bar with a signal strength indicator, two circles, and a camera icon. The main content area is a white rectangle with a thin border. It contains the title 'Login Usuário' at the top, followed by a 'Login' label and an input field. Below that is a 'Senha' label and another input field. A button labeled 'Entrar' is centered below the input fields. Further down, the word 'OU' is displayed in a large font. At the bottom, there is a button labeled 'Cadastrar' with a document icon to its left. The entire mockup is overlaid with a repeating 'NinjaMock' watermark.
